## THE SIMPLY DARLING PACKAGE

“Using The Party Darling is the only way to go when doing a party! I used to dread when my kiddos birthday came around as I am not creative and didn’t feel like I had time to plan it. Now I look forward to birthdays with The Party Darling. I shared the vision and colors and The Party Darling made it ALL happen from the invites to the cake to decorations. It was perfect and I was not stressed.”

“My family loved working The Party Darling. She kept things organized, on budget and FUN! Every party is better when we get to work with her!”
